Call You Mine

The Chainsmokers

Two kids with their hearts on fire
Who's gonna save us now?
When we thought that we couldn't get higher
Things started looking down
I look at you and you look at me
Like nothing but strangers now
Two kids with their hearts on fire
Don't let it burn us out

Think about what you believe in now
Am I someone you cannot live without out
Cause I know I don't wanna live without you

Yeah
Come on let's turn this all around
Bring it all back to that bar downtown
When you wouldn't let me walk out on you, yeah
You said hey whatcha doing for the rest of your life
And I said I don't even know what I'm doing tonight

Went from one conversation to your lips on mine
And you said I never regretted the day that I called you mine
So I call you mine, can I call you mine?
And you said I never regretted the day that I called you mine

Broke kids running through the city
Drunk on the subway train
Set free every time you kissed me
We couldn't feel no pain
You looked at me and I looked at you
Like we'd never look away
Broke kids running through the city
Don't let the memory fade
You said hey whatcha doing for the rest of your life
And I said I don't even know what I'm doing tonight

Went from one conversation to your lips on mine
And you said I never regretted the day that I called you mine
So I call you mine, can I call you mine?
And you said I never regretted the day that I called you mine

Think about what you believe in now
Am I someone you cannot live without
Cause I know I don't wanna live without you

Yeah
Come on let's turn this all around
Bring it all back to that bar downtown
When you wouldn't let me walk out on you
You said hey whatcha doing for the rest of your life
And I said I don't even know what I'm doing tonight

Went from one conversation to your lips on mine
And you said I never regretted the day that I called you mine
So I call you mine
And you said I never regretted the day that I called you mine
Can I call you mine?

Can I call you mine?
Can I call you mine?
Can I call you mine?
