

Channel 1

The Chainsmokers

It's two in the morning and you want it
But we're better off friends
And it doesn't have to end like this
'Cause you're honest and I start shit
You call it toxic
It's a problem
I gave you hope once and you lost it
I'm just being honest

She said repeat-eat
I don't look back-back-back though
Love is so short-ort
Why can't I forget it-it at all?
Try to keep it on the low but it's me I gotta go high
I swear, I can hold my own but I really feel my lows now
She said repeat-eat
I don't look back-back-back though
Love is so short-ort
Why can't I forget it-it at all?
Try to keep it on the low but it's me I gotta go high
I swear, I can hold my own but I really feel my lows now

High
Love is so short-ort
Why can't I forget it-it at all?
High
Love is so short-ort
Why can't I forget it-it at all?

Am I part of the plan or a scandal?
Asking where I stand
When it's you that's got a man
He loves you
You're a mess
I'm the vessel
But you don't even want me
You just wanna kiss somebody
In it for the ride
But you gotta pick a line
When you cross somebody

She said repeat-eat
I don't look back-back-back though
Love is so short-ort
Why can't I forget it-it at all?
Try to keep it on the low but it's me I gotta go high
I swear, I can hold my own but I really feel my lows now
I really feel my lows, yeah

High
Love is so short-ort
Why can't I forget it-it at all?
High
Love is so short-ort
Why can't I forget it-it at all?

She said repeat-eat

I don't look back-back-back though
(I swear, I can feel my lows, I really feel my lows)
Love is so short-ort
Why can't I forget it-it at all?
(I'm better on my own in my hotel room)
Try to keep it on the low but it's me I gotta go
(Eighteen month on the road somehow)
I swear, I can hold my own but I really feel my lows now
(I'd rather be alone, I'd rather be alone now)
