The Chainsmokers

I wanna love you
And I love you but I shouldn't
Take your heart but I just couldn't
Cuz I wouldn't make you feel it all

Oh I'd just hurt you
But I wouldn't ever mean to
Keep you 'round to look right through you
Keep on pushing you until you fall

It's not my fault
It's all I know
If I didn't want you wouldn't care at all

Oh, what to do?
To do with you?
So how can I put this?
Is it getting through?

I wanna love you
And I love you but I shouldn't
Take your heart but I just couldn't
Cuz I wouldn't make you feel it all

Oh I'd just hurt you
But I wouldn't ever mean to
Keep you 'round to look right through you
Keep on pushing you until you fall

It's not my fault
It's all I know
If I didn't want you wouldn't care at all

Oh, what to do?
To do with you?
So how can I put this?
Is it getting through?

I wanna love you
And I love you but I shouldn't
Take your heart but I just couldn't
Cuz I wouldn't make you feel it all

Oh I'd just hurt you
But I wouldn't ever mean to
Keep you 'round to look right through you
Keep on pushing you until you fall

It's not my fault
