

## Self Destruction Mode

The Chainsmokers

I woke up in self-destruction mode  
I press go and I do it again  
I love my sins, they're all I know  
We got closer than all of my friends

Triple seven on the dash, guess I'm feeling lucky  
I kinda got a thing for cash, I just want your money  
I'm tying cherry knots, got 'em twisted like my stomach  
I'm a mess, I'm a mess, I'm the best  
Mm-yeah

I woke up in self-destruction mode  
I press go and I do it again  
I love my sins, they're all I know  
We got closer than all of my friends

C4, I do that damage  
My ego is titanic  
I woke up in self-destruction mode  
Watch me go, I'ma do it again

I'ma do it again

I'm in the Czech Republic, checking out, come and find me  
I can't just have a little, drink it neat, never nicely  
We woke up on a Monday, went to bed on a Friday  
I like me, you wanna bite me

Devil on my shoulder  
Say I just wanna know ya  
And if you pull me closer  
Oh, baby, I'ma show ya  
My vision's getting slower  
Well, baby, what's composure?  
Should've listened when I told ya

I woke up in self-destruction mode  
I press go and I do it again  
I love my sins, they're all I know  
We got closer than all of my friends

C4, I do that damage  
My ego is titanic  
I woke up in self-destruction mode  
Watch me go, I'ma do it again

I woke up in self-destruction mode  
I woke up in self-destruction mode  
I press go and I do it again
