

Forever

The Chameleons

See the boy
By the sea
Builds a boat
Now he's free
Got no wind
For his sail
What a shame

See the girl
Lost and found
Wants to fly
Leave the ground
Got no lift
For her wings
What a shame

They're reaching for heaven
In the abyss searching for heaven
Here it is
Every momentary pleasure
Every kiss, every tear, every treasure
Stretching forever

Every second of your lives
Every moment of your lives
Stretches forever
Every person that you meet
Each sensation that you greet
Stretching forever
Forever

Then there's me
And there's you
Getting by
Pulling through
No regrets
No goodbye
Death's a lie

Reaching for heaven
In the abyss searching for heaven
Here it is
Every momentary pleasure
Every kiss, every tear, every treasure
Stretching forever

Forever
Stretching forever

Every moment of your lives
Every second of your lives
