

Saviours Are a Dangerous Thing

The Chameleons

Here he comes now

Here he comes now

Here he comes now

Here he comes gliding down the street
Thousand dollar trainers on his feet
All the monkeys part to let him pass
Thinks he's Jesus riding on an ass
Super Nero and his ego smile
As they worship the king
Dancing the Tango
With opinions roasted minions
Bow as they're kissing the ring

Saviours are a dangerous thing
Saviours are a dangerous thing

Here he comes to sweep you off your feet
With his little orange parakeet
Bringing as he offers something sweet
Suck suck suck sucking on the teat
Young Narcissus and his sisters swoon
In the madness they bring
Dancing the fandango
Celebration population sings dancing the king

Saviours are a dangerous thing
Saviours are a dangerous thing

Far from you I feel so very far from you
From everything you say and do

I feel so very far from you
Super Nero and his ego smile
As they worship the king
Saviours are a dangerous thing

Saviours are a dangerous thing
Saviours are a dangerous thing

I feel so very far from you
From everything you say and do
I feel so very far from you
From everything you think is true
Here he comes now
Saviours are a dangerous thing
Here he comes now
Saviours are a dangerous thing
Here he comes now
Saviours are a dangerous thing
Here he comes now
Saviours are a dangerous thing
Here he comes now
Here he comes now
