

Spectral Light

The Chant

Sacred core
Your skin is like an armor
Soaked through
Swollen at the seems
Trickles, drops
The hurt is dripping out of
Your core
This shield is made of glass
Cerulean, Ultramarine, Celestial
Indigo, Prussian blue, Cyan, Cobalt
One wavelength of light
White
All colors of light
Raindrops
Waterpaths
Running down the glass
Your skin is made of glass
Gliding down
Evaporating
Carving paths
On your skin
In you the spectrum
Viridian, Titanium, Cadmium
Vermilion, Auburn, Sienna, Crimson
All the colors in one drop
Raindrops
Waterpaths
Running down the glass
Your skin is made of glass
