

Come Home Baby

The Charlatans

Joy, it's such a joy
Watching the smile on your face
Your love get up at my face

We are working it through
A solution for you and for me
Nothing between what will be

Come home baby
Come home baby
Kiss me gently
I can't wait
Don't hesitate
Let's be together

Words can mean many things
Watching you step in time
Leaving the bad days behind

No one can take your place
Maybe I'm out of step
Maybe I'm out of my depth

Come home baby
Come home baby
Kiss me gently
I can't wait
Don't hesitate
Let's be together

I can't wait
No one can take your place
Maybe I'm out of my depth

Come home baby
Come home baby
Come home baby
I can't wait
Let's celebrate
Let's be together

I can't wait (Come home baby)
I can't wait (Come home baby)
(Come home baby)
(Come home baby)
