Come Home Baby

The Charlatans

Joy, it's such a joy Watching the smile on your face Your love get up at my face

We are working it through A solution for you and for me Nothing between what will be

Come home baby
Come home baby
Kiss me gently
I can't wait
Don't hesitate
Let's be together

Words can mean many things Watching you step in time Leaving the bad days behind

No one can take your place Maybe I'm out of step Maybe I'm out of my depth

Come home baby
Come home baby
Kiss me gently
I can't wait
Don't hesitate
Let's be together

I can't wait
No one can take your place
Maybe I'm out of my depth

Come home baby
Come home baby
I can't wait
Let's celebrate
Let's be together

I can't wait (Come home baby)
I can't wait (Come home baby)
(Come home baby)
(Come home baby)
