

# I Never Want an Easy Life If Me and He Were Ever to Get There

The Charlatans

Oh my life it's started again  
You can't know we're ever the same  
I feel it, I just can't get the scene to fit  
Save me, I don't wanna stick with the sights  
Shoot it up and go for a ride

I fly, she drives over the wall  
Kick out all those humans and all  
I want it, I just can't seem to get to it  
TV culture it's only a crime  
An overdose, it's a part of a good time

I never want an easy life if me and he were ever to get there  
I never want an easy life if me and he were ever to get there

I never want an easy life if me and he were ever to get there  
I never want an easy life if me and he were ever to get there

I never want an easy life if me and he were ever to get there  
I never want an easy life if me and he were ever to get there
