

## Indian Rope

The Charlatans

When we were wrong we had no right  
Who am I to fade away  
Sometimes i can tell you what does it mean  
Who am I to question why  
Who am I?

We come together  
Follow the signs  
Have you seen the size of mine?  
You take the blame  
And I'll take the pain  
Who am i to sometimes say  
there seems a better way

You missed a good one  
Give me a break  
You wish you never saw them saved  
You take the fame  
And I'll take the blame  
Who am i to sometimes say  
there seems a better way

When I was wrong we had no right  
Who am I to fade away  
Sometimes I can tell you what does it mean  
Who am I to question why  
Who am I?
