

These Things

The Charlatans

These things remind me of you
It's not what they say
It's just what they do
I think you want me to choose
All avenues still lead me to you
I know to look for you in dreams
I know that's where we could be seen
Just take your time
Just take your time
I found a way for us to surf
We'll take the world and all its worth
Just take your time
Just take your time
These things remind me of you
It's not what they say
It's just what they do
I think you want me to choose
All avenues still lead me to you
Travelled this world
And seen every view
Travelled this world
And I've seen every view
