

## Ross River

### The Chats

Met a girl in Mackay  
She stung me like a mozzie bite  
Swollen head, puffy eyes  
Nearly bloody took my sight

She gave me  
Ross River  
She gave me  
Ross River

Met a bloke at the pub  
First beer, he called my bluff  
He called me a dirty grub  
And he was right soon enough

He gave me  
Ross River  
He gave me  
Ross River

Ross River  
Ross River  
Ross River  
Ross River  
Ross River
