The Chats

I got struck by a lightning bolt  
I was standin' next to a telephone pole  
Got a thousand volts runnin' through my veins  
Electric shocks deep-fried my brain

I got struck by lightning  
I can't see out of my eyes  
Struck by lightning  
Thunderbolts run through the sky  
Struck by lightning  
Doesn't matter if I die  
Struck by lightning

I got struck walkin down my street  
Pile of ash layin' on the concrete  
I got the wind knocked outta me  
By static electricity

I got struck by lightning  
I can't see out of my eyes  
Struck by lightning  
Thunderbolts run through the sky  
Struck by lightning  
Doesn't matter if I die
