### The Chats

Nowhere to hide nowhere to run  
Caught a ride now you're just about done  
Short fuse I'm boutta lose it  
Got a bit of power ain't afraid to abuse it

Spent all day patrolin' the station  
Only form of contact is intimidation  
Wound up, violent on occasion  
But I'm just fightin' against fare evasion

Better better better better surrender  
To the to the to the ticket inspector  
Run run I'm still gonna getcha  
Ya can't hide from me I'm a ticket inspector

Playin' rough lookin' tough  
Knock off time but I haven't had enough  
Wanna ride? You need my permission  
I do it for the love not for the commission

I love my job, it's my passion  
Handin' out fines like they're goin' outta fashion  
Suck it up get what ya given  
It's dishonest work but it makes me a livin'
