

# Break Out Of This Box

The Cheetah Girls

Everybody tells me to let it go  
I think they're crazy, they just don't know  
I wish that they saw things the way that I do  
I'm not that different, I'm just like you

I still have my shelter, when the rain starts to fall  
Sometimes I get mad, over nothing at all  
But I can't let it break me, gotta give it my all  
If I stand for nothin' then I'll fall

Sometimes up, sometimes down  
Livin' my dreams with my feet on the ground  
I'm not perfect, nobody is  
I gotta break out of this box you tryin' to keep me in  
Oh-whoa, Oh-whoa  
Livin' my dreams with my feet on the ground  
Oh-whoa, Oh-whoa  
Gotta break out of this box you tryin to keep me in

I'm my own burden gotta carry the weight  
Can't point the finger for my mistakes  
I won't let no one tell me who I should be  
'Cuz at night I answer, to only me

I still have my shelter, when the rain starts to fall  
Sometimes I get mad, over nothing at all  
But I can't let it break me, gotta give it my all  
If I stand for nothin' then I'll fall

Sometimes up, sometimes down  
Livin' my dreams with my feet on the ground  
I'm not perfect, nobody is  
I gotta break out of this box you tryin' to keep me in  
Oh-whoa, Oh-whoa  
Livin' my dreams with my feet on the ground  
Oh-whoa, Oh-whoa  
Gotta break out of this box you tryin to keep me in

If I wait around and let somebody how to live  
I'll be invisible  
Won't let you hold me back,  
Won't let you keep me boxed in  
Even though...

I'm sometimes up, I'm sometimes down  
Livin' my dreams with my feet on the ground  
I'm not perfect, nobody is  
I gotta break out of this box you tryin to keep me iiiin

Sometimes up, sometimes down (Ooh)  
Livin' my dreams with my feet on the ground  
I'm not perfect, nobody is (Whoa, Whoa)  
I gotta break out of this box you tryin' to keep me in  
Oh-whoa, Oh-whoa  
Livin' my dreams with my feet on the ground  
Oh-whoa, Oh-whoa  
Gotta break out of this box you tryin to keep me in
