

# Follow Your Dreams

The Cheetah Girls

Marisol:

(OH)

Our world

Their world

We would dance and twirl

I don't know how

I listened now

I just wanna know

(You don't have to know)

Just follow your dreams

They'll take you where you want to

You're afraid it seems

Just follow your dreams

They'll take you where you want

Where I want

(Oh)

I can

Follow your dreams

Now I here I am

Hanging here in Barcelona

I'm not gonna be a silent clam

I'm gonna shout it out

(A la nanita Barcelona)

I'm ready to take a chance

(you don't have to take that chance)

Just follow your (my) dreams

They'll take you (me) where you want to

Your (I'm) afraid it seems

Just follow your (my) dreams

They'll take you where you want

Barcelona

Follow your dreams

(oh)

Chanel, leave America

Come live with me in Barcelona

We can live with a touch

They don't really love you that much

A la nanita nana nanita ella, Chanel

A la nanita!

I'm gonna follow my dreams

Leave the past behind

I'm gonna let them lead me

Follow your dreams

A la nanita ella
