

Big Machine

The Chevin

(Love) You wanted it more
(Love) You wanted it harder
(Love) You're taking it back
(Love) You're taking it over
(Love) A different day
(Love) A different number
(Love) A dangerous play
(Love) A dangerous lover

(Love) Such a pretty girl
(Love) Has vice in her heart
(Love) Smile for the camera
(Love) You're a video star
(Love) Put the blindfold on
(Love) For the firing squad
(Love) You danced with the devil
(Love) But you wanted God

Wild spirit, wild spirit
Come take a ride on a big machine
Wild spirit, wild spirit

(Love) You wanted it more
(Love) You wanted it harder
(Love) The city gets raw
(Love) The people get louder
(Love) They wanted your face
(Love) You wanted the powder
(Love) It gave you a taste
(Love) It gave you a taste

Wild spirit, wild spirit
Come take a ride on a big machine
Wild spirit, wild spirit
Come take a ride on a big machine

I'm numb
I wanna feel it
Your love makes me numb
I wanna feel it

(Love) You wanted it more
(Love) You wanted it harder
(Love) You're taking it back

Wild spirit, wild spirit
Come take a ride on a big machine
Wild spirit, wild spirit
Big machine, big machine

Where have you been?
Oh, big machine
Come take a ride on a big machine
What have you seen?
Oh, big machine

Where have you been?

Oh, big machine
What have you seen?
Oh, big machine
Where have you been?
Oh, big machine
What have you seen?
Oh, big machine
