Under The Thunder

The Chevin

Under the thunder where the sinner meets the sky
Inside the waterfall I see God in her eyes
Fall like a million tears for devils in disguise
Looking for Heaven in the place you left behind

Where there's love
There is life
Beating heart
Beat with love
Beat with love

What's beyond the wall?
I wish that I could call
Oh I wish that I could come home

Pictures I'll never see, windows I can't look through
Under the thunder there is life and then there's you
They say, we used to write it on paper, we used to pray when the sky went black
Don't leave me down here, I take it all back

Where there's love
There is life

What's beyond the wall?
I wish that I could call
Oh I wish that I could come home
What's beyond the wall?
I wish that I could call
Oh I wish that I could come under the thunder

Could come home
But I'm under the thunder

What's beyond the wall?
I wish that I could call
Oh I wish that I could come home
What's beyond the wall?
I wish that I could call
Oh I wish that I could come home

Baby
Will you miss me?
Under the thunder
Under the thunder
Under the thunder
Under the thunder
Under the thunder
