

Try My Side (of Love)

The Chi-Lites

You say my cologne
Reminds you of someone else
That's kinda cold girl
But go on and be yourself

You can tell me
Whatever's on your mind
That's what I want to know
I plan to make you mine

Try my side of love
Darlin' come on

You say my smile reminds you
Of someone that you knew
I'm so glad there are memories
That will fade like memories do

I offer to love
You've heard that before
But after this love
You won't need no more

Try my side of love
'Cause I won't wait 'til you try
Try my side of love
Try, try my side of love
I won't give 'til you try
Try my side of love
Try, try my side of love

Don't be afraid girl
To let love get inside
If your river's overflowin'
Let me change the tide

Try my side of love
You know baby
There are two sides to every coin
But there's only one side you should be enjoying
The side I have to show you
With all the love you'll ever need
So come and get this fortune
Satisfaction guaranteed
Let me love you
The way you want to be loved
Let me please you with what
I know you've been dreaming of

I'm on the outside looking in
want to be more than just your friend
Need you baby

I want you to try, try my side of love
I need you
I need you
I need you

Yes I do
I want you to try
I need you
I need you
Yes I do
I need you
Yes I do
I need you
I need you
Yes I do
