

What Do I Wish For

The Chi-Lites

Mmm... mmm... mmm... mmm...

Oh, where, where did my heart go
Baby, I thought I had a love that would last
Like a sheep is lost on the flock of love
I lost you, yes, I have
Like an ice cold hand
Without a glove
I'm so blue
Yes, I am

Now that I'm here without you
I can't stand the things about you

What do I wish for on a cloudy day
I just wish your love was here to stay
Sometimes I wish that I had never met you
Yes, I do (I've lost you, baby)
Yes, I do (I've lost you, baby)

Wish I could find a way
How to forget you
Yes, I do (I've lost you, baby)
Yes, I do (I've lost you, baby)
I love you too much
It's so sad, sad, sad
I need you too much
Need you too bad, bad, bad, bad, bad

Ooh...

My days have no sunlight
My nights have no moonlight
Oh, how I need you (I've lost you, baby)
How I need you, baby (I've lost you, baby)

I'll be leavin' here soon (Now that I'm leavin')
I can't stand this empty room (My heart is grieving)
Not without you (I've lost you, baby)
(I've lost you, baby)
Now that I'm here without you
I can't stand the things about you

I love you too much
It's so sad, sad, sad
I need you too much
Need you too bad, bad, bad, bad, bad

What do I wish for on a cloudy day
I just wish your love was here to stay
Come on, baby
What do I wish for on a cloudy day
I just wish your love was here to stay
Yeah, yeah, yeah, listen

Every day is a cloudy
Since you took your love away, baby
