

Just For Tonight

The Chiffons

Just for tonight
Let me love you warm and tender
Just for tonight
Meet my love and you'll remember
Each kiss
Showing you how much I want you
Each word
Telling you how much I love you
Each time
I ask you to be mine

Just for tonight
Promise that you'll come and meet me
Just for tonight
Give yourself to me completely

Let me
Take you to the land of wonder
Let me
Share with you the spell I'm under
Let me
Just let me make you mine

Love me
Love me
Love me
Love me

Just for tonight
Make-believe that it's forever
Just for tonight
Share my dreams and you'll discover
New love
Love that's gonna last forever
True love
Love that will keep us together
True love
Until the end of time

Just for tonight
Promise that you'll come and meet me
Just for tonight
Give yourself to me completely
