

Blodsucker

The Chisel

Sorry mate can you leave me alone
I just wanna be on my own
I've had a bad day, and you're making it worse
In any other situation I could converse
I know I haven't seen you since you don't know when
Can't believe that you're telling me this story again
My god you're doing me head in
It feels like this is never ending

Jesus christ you're a blodsucker
Punishment just like no other
You're a blodsucker
Pick at me just like a vulture

Look it's fine but you're draining me
I wasn't looking for company
You mean well but I'm fine on my own
I've only come for a pint, then I'll be off home

No I don't wanna talk about it
Take my word there's no need to doubt it
See you geez, you're pissing me off
I'm counting down on the minutes til you fuck off

Jesus christ you're a blodsucker
Punishment just like no other
You're a blodsucker
Pick at me just like a vulture

You're winding me up
Ya blodsucker
And I don't wanna seem insane ya blodsucker
Like drilling a hole
Ya blodsucker

In the side of my brain ya blodsucker
You're pissing me off ya blodsucker
And I've had enough
Ya blodsucker
And I've got one thing to say to ya fuck off

Jesus christ you're a blodsucker
You're a blodsucker
