

Sit And Say Nothing

The Chisel

You know I always did think you were right
You make the do's a don't and it divides us both
You pander to the cunts I despise
Why fucking bother with no fight for tomorrow

Fight for something, sit and say nothing
Everybody knows and the cowardness shows
Fight for something, sit and say nothing
Everybody knows that you're a cunt

Tell me are you feeling alright?
Cos you're acting shook well let's take a look
At the lack of fight that you do provide
You're a fucking melt you just run and hide

Fight for something, sit and say nothing
Everybody knows and the cowardness shows
Fight for something, sit and say nothing
Everybody knows that you're a...

And its always the same... the loudest lion is the easiest tame
d

Fight for something, sit and say nothing
Everybody knows you're a...
