

So Do I

The Chisel

You only fucking give it when you're feeling hard
And you'll always pick the weakest in a pack of cards
I thought that it were funny when you were acting the cunt
Till I got a little older and I saw it was a front

If you wanna go down that route, so do I
Big fucking bully, come outside
If you wanna play the cunt, so can I

Do you remember that time in Ashton Gardens
Intimidating youngins just to get your kicks in?
Me and Billy Aaron showed you what we could do
When we opened up your head with our steel toe boots

If you wanna go down that route, so do I
Big fucking bully, come outside
If you wanna play the cunt, so can I

You only fucking give it when you're feeling hard
You always pick the weakest in a pack of cards
Me and Billy Aaron showed you what we could do
When we opened up your head with our steel toe boots

If you wanna go down that route, so do I
Big fucking bully, come outside
If you wanna play the cunt (So can I)
So can I
