

## Fine Fun Time

### The Choir

We brandish plastic swords  
More of a game than a war  
Nobody's keepin' score  
When I swing left, you swing right  
We hear the echo of hyenas laughing in the night  
Laughing in the night

Such a fine fun time  
We share when we're together  
It's a fine fun thing  
To carry on and on  
Such a good great gift  
All the years we've weathered  
It's a fine thing to carry on and on

Our children are learning well  
Askin' 'bout heaven and hell  
Only time will tell  
And time will prove what I know is true  
Husker Du is the most influential rock n' roll group  
Influential rock n' roll group

Such a fine fun time...
