

Like a Cloud

The Choir

I wanna float you like a cloud
I wanna drink you like a flower drinks rain
I wanna lift you up to Heaven

Now, I can't get you
Off of the ground
When you wear such heavy shoes
But I'll keep trying
Because I really want to float you

Like a cloud
I wanna drink you like a flower drinks rain
I wanna lift you up to Heavenly places
And beg you to remain

I never mean to make you cry
I don't want to bring you down
When I'm descending
Hold on tightly
I always turn around

I wanna float you like a cloud
I wanna swallow you like flowers swallow rain
I wanna go with you to Heavenly places
Then beg you to remain
