

The British Way Of Life

The Chords

This is The British Way Of life now
I swallow my dreams like my beer
& Sunday dinner with the wife now
Coz nothing new happens here
Dirty streets ... Dirty dreams
A Pint with your best friend
plenty of shops ... nothing in stock
it never seems to end
A cinemaa bowling green
little culture too preserve
Everybody's talking at each other
but no one speaks a word
Is it a dream .. Is it funny
Coz it always rains never Sunny .. Sunny
Chorus (repeat)
I work all week in a company office
They don't even know my name
I feel so cold watch me grow old
coz nothing will ever change
I drink with the boys every weekend now
To the future ..that's my dream
Marry the girl who lives down the road
support your local team
Is it a dream .. Is it funny
Coz it always rains never Sunny .. Sunny
Chorus (repeat)
This is the life X 4
Chorus (repeat) X 2
