

## A Face In a Film

### The Church

Crocodiles and allegations  
Scale of your intrigue  
Never mind my palpitations  
It's like the League of Nations

Snakes and laddered stockings  
Are ripping in the sea  
Never mind the boat is rocking  
Sequences unlocking

Sing but seldom seen the sun of salvation  
New moon of celebration in your sky  
A face in a film I saw  
To whom you bore a strange similarity  
I walk before you like a door

Monsters and mirages  
A minaret, a coronet  
Like a motor when it charges  
Gotta pay for all the surges  
Silhouettes and sentimental  
A figure in the surf  
Oh the time is tempermental  
All our lives are not attained

Sing but seldom seen the sun of salvation  
New moon of celebration in your sky  
A face in a film I saw  
To whom you bore a strange similarity  
I walk before you like a door
