

# Snowfaller

## The Church

Ice is forming 'round this heart of mine  
I seen a lot of damage baby, but I won't get hurt this time  
Now I got a reason  
Now I got a stake  
Now I gotta put you back every time you break

Left my ego in the mezzanine  
Here he comes again, bustin' up my scene  
Now I got a future  
Now I gotta try  
Now I, I gotta live for you every time you die

Imagine it's snowfaller  
Bring winter, just call her  
Imagine it's snowfaller

I left my ego in the mezzanine  
But here he comes again, bustin' up my scheme  
Now I got a future  
Now I gotta try  
Now I gotta live for you every time you die

Imagine it's snowfaller  
Bring winter, just call her  
Imagine it's snowfaller

Imagine it's snowfaller  
Bring winter, just call her  
Imagine it's snowfaller
