

# Picasso

The Cinema

Hey, does he draw like Picasso  
When he traced your figure with his eyes  
He blew it all up, blew it all up  
Never thought you'd be the first one

His fur coats and fashion  
I haven't been listening  
Still figuring out what you are saying

Alright, so say it now, say it now  
Thought I'd be the first out  
Alright, say it now, say it now  
How are we going down?

Does he draw like Picasso  
When he traced your figure with his eyes  
He blew it all up, blew it all up  
Never thought you'd be the first one out  
Does he draw like Picasso  
When he traced your figure with his eyes  
We blew it all up, blew it all up, blew it up  
Now we are alive

Your words are weapons  
But I couldn't stop listening  
Still figuring out what you are saying

Alright, so say it now, say it now  
thought I'd be the first one out  
Alright, say it now, say it now  
How are we going down?  
I wanna see it

Does he draw like Picasso  
When he traced your figure with his eyes  
He blew it all up, blew it all up  
Never thought you'd be the first one out  
Does he draw like Picasso  
When he traced your figure with his eyes  
We blew it all up, blew it all up, blew it up  
Now we are alive

His fur coats, his fur coats and fashion  
And your words, your words are weapons  
You gotta make a move now  
Just try to make one point loud  
Loud as you can, loud as you can  
I wanna see what you're saying  
Come on

He blew it all up, blew it all up  
Never thought you'd be the first one out  
Does he draw like Picasso  
When he traced your figure with his eyes  
We blew it all up, blew it all up, blew it up  
Now we are alive

(Does he draw like Picasso?)

He blew it all up, blew it all up  
Never thought you'd be the first one out  
Does he draw like Picasso  
When he traced your figure with his eyes  
We blew it all up, blew it all up, blew it up  
Now we are alive
