## The Cinematics

It's all so beautiful tonight  
It's all so beautiful inside  
It's all so beautiful tonight

I know what you know  
I feel it too  
A change is coming 'round, yeah  
They've seen it too

It's just a tick-tock of another clock  
It's going around, around  
And if we don't make a move too soon  
They're gonna sneak up from under you

So just chase  
It down  
I'll chase  
It away

It's just a feeling that we need to get to okay  
It's moving my mind to breaking  
Just to turn and lie again  
I don't want this, no we don't need this

So we'll chase  
It down  
I'll chase  
It away  
I'll chase  
It down  
I'll chase  
It away

'Cos I don't want to be alone  
It's not what I'm living for  
Oh, I'll be staring at the stars

I turn the lights out, I turn the lights out again  
And watch some more television and I  
Imageology world  
Where substance is nothing and image is everything all

Oh, hey  
Say you feel it  
There's so much more  
More than this  
Don't want to be here  
On my own  
Stop the sound  
And wake up

Chase  
It down  
I'll chase  
It away  
I'll chase  
It down

I'll chase  
It away

'Cos I don't want to be alone  
It's not what I'm living for  
Oh, I'll be staring at the stars  
Stop taking this too far

Stop

It's all so beautiful tonight  
It's all so beautiful inside  
It's all so beautiful tonight  
It's all so beautiful inside  
It's all so beautiful tonight  
It's all so beautiful inside  
It's all so beautiful tonight  
It's all so beautiful inside  
It's all so beautiful tonight  
It's all so beautiful inside  
It's all so beautiful tonight  
It's all so beautiful inside

Tonight  
Oh, tonight  
Tonight  
It's all so beautiful
