

## 1+1

## The City Harmonic

Lord, can I love just like love Himself  
And live out my life for my bride?  
Am I strong enough to be built on You?  
I pray that it's 1+1  
And that makes 3 of us  
2 of us 1 heart to  
Your heart  
Here we are standing now side by side  
With the rest of our lives in our eyes  
I know I'll find her heart deep within Yours  
I thank God it's 1+1  
And that makes 3 of us  
2 of us 1 heart to Your  
heart  
I am hers, she is mine  
And we dance in the palm of Your hand  
'Cause a cord of 3 strands is not easily broken  
No, love will keep hoping and I  
Thank God it's 1+1  
And that makes 3 of us  
2 of us 1 heart to  
Your heart
