

Love, Heal Me

The City Harmonic

I'm broken down
I'm on my knees
I'm crying out in my disease
I'm so worn down
So won't You speak
and tell me how
You care for me?
'cause You are God
You heal all things
Your name is Love
So Love, heal me
I'm broken now
Won't always be
Yes, I've seen pain
I've seen grief
But how it fades
When I sing
These songs of love:
They help me see that
You are God
You heal all things
Your name is Love
So Love heal me
And I'll hold on
'Cause You heal all things
Your name is Love
So Love, heal me
I'm falling down
I'm on my knees
I'm singin' out: You're what I need
I'm singin' out: You're what I need
I'm seeing now You're here with me
