

America

The Clark Sisters

Oh beautiful, for spacious skies
For amber waves of grain
For purple mountain majesties
Above the fruit and grain

America, America
God shed his grace on thee
And crowned thy good with brotherhood
From sea to shiny sea
America, America (America)
America, America
God shed his grace on thee
And crowned thy good with brotherhood
From sea to shiny sea
America, America (America)
America, America
God shed his grace on thee
And crowned thy good with brotherhood
From sea to shiny sea

And crowned thy good with brotherhood
From sea to shiny sea
And crowned thy good with brotherhood
From sea to shiny sea
