

Call Me

The Clark Sisters

Anything you need just come and see me
Just like before, my love is your guarantee, oh yes it is
Oh, so we can talk about these problems
So you can tell me what's on your mind
Haven't you heard, I gave you my word
That's been proven time after time

Call me, call me (you just need to)
Call me, call me (I'll be right there)
Call me, call me (you just need to)
Call me (ooh)

Everywhere you go, I'll be right by your side
And always know my love will be your guide
I'll be there when you need me there

We can laugh and we can cry, you're the reason why
Never too busy, calling anytime

Call me, call me (when you need a friend)
Call me, call me (you just need to call me)
Call me, call me (you just call me)
Call me (when you don't have no one to talk to)
Call me, call me (oh, when you don't have no one to lean on)
Call me, call me (I'll be right there, c'mon and call me)
Call me, call me (you just call me)
Call me (ooh)

Just know that you're mine (I am here)
And call anytime (that's what they say)
More than a song, oh (that's all he told me)
A rhythm or a rhyme (ooh)
I hope now you see (ooh)
My [?] (ooh)

Call me, call me (when you need a friend, oh call me)
Call me, call me (I'll be right there when you need a friend)
Call me, call me (I'll be right there when you need a friend)
Call me, call me (please, my line is never, never, never, never too busy)
Call me, call me (never, never, no, never too busy)
Call me, call me (never, never, no, never too busy)
Oh (never, never, no, never too busy))
Call me, call me (oh-oh, oh oh-oh, oh-oh, oh oh-oh)
Call me, call me (oh-oh, oh oh-oh, oh)
Call me, call me (in stormy weather)
Call me, call me (oh)
Call me, call me (c'mon, there's no problem too hard)
