

Give It To Him

The Clark Sisters

Give it to him
Give it to him
Give it to him
Give it to him
Give it to him

You can run all you want
But you won't get away
Problems you thought were gone
Staring you in your face
Not the first won't be the last
Tragedies commonplace
But you can lay your burdens down
Do it today

Give it to him (Cast your care upon him)
Give it to him (When it gets to rough just turn it over/)
Give it to him (Nothing's impossible)
Give it to him (You'll be better off if you give it)
Give it to him

Feeling like nobody cares (Nobody cares)
Wondering if God hears your prayers
Still hear you made through the last one
You know what to do
If you want to see him move
Then you have to

Give it to him (Just give him all of your needs)
Give it to him (Give it to him, yeah, yeah, yeah)
Give it to him (You can lay your burdens down)
Give it to him (Ooh)

Can't blame nobody if your not willing to let it go
Can't be afraid to start over again
There's something better
Just believe
There's a promise waiting you if you wanna see

Give it to him (What you gotta do is give it to him)
Give it to him (You gotta, you gotta, you gotta turn all over to Jesus)
Give it to him (There's no problem too hard for him to solve)
Give it to him (All you gotta do is just have a little bit of faith)
Give it to him (Oh, in the midnight hour)
Give it to him (There is no problem too big that he won't work it out)
Give it to him (He'll turn your situation around)
Give it to him (I realized can't nobody do me like Jesus)
Give it to him (I know, I know he worked it out)
Give it to him (Yes he did, yes he did, yes he did, he did it for me)
Give it to him (And you know what, And you know what Karen he did it for me too)
Give it to him (I know the man will)
Give it to him (There something 'bout him)
Give it to him (Hey, when your money run out, he will show out)
Give it to him (I know he will)

Whatever you have (What ever you need)

That you don't need (Whatever, what, what, whatever you need)
Whatever you have
That you don't need
Whatever you have (My god will come through right on time, yes he will)
That you don't need
Give it to him
Whatever
Whatever
Whatever
Whatever
Whatever
Whatever
Give it to him
