

Good Favor

The Clark Sisters

When you're looking at me
You see someone grateful
When you're looking at me
You see someone blessed
When you're looking at me
You can see God is covering me

I got that good favor
I got that good favor
I got that good favor
Oh God has smiled on me

When you're looking at me
You see someone unworthy
When you're looking at me
You see far from perfect
When you're looking at me
You can see blessings showering me

I got that good favor
I got that good favor
I got that good favor
Oh God has smiled on me

If you want to know what a miracle looks like
Look at me, look at me
If you want to know what a miracle looks like
Look at me
If you want to know what a miracle looks like
Just look at me, look at me
If you want to know what victorious looks like
Look at me

I got that good favor
Oh God has smiled on me

Smiled on me, smiled on me
Smiled on me, smiled on me
Smiled on me, smiled on me
Smiled on me, smiled on me
Smiled on me, smiled on me

I got that good favor
Oh God has smiled on me
Oh God has smiled on me
Oh God has smiled on me

I don't look like what I've been through
But I look like God's favor
I don't look like what I've been through
But I look like God's favor
I don't look like what I've been through
But I look like God's favor
God's favor, God's favor
God's favor, God's favor

I don't look like

I don't look like
I don't look like
I don't look like
I don't look like
I don't look like

I got that good favor
Oh God has smiled on me
