

He'll Turn Your Scars Into Stars

The Clark Sisters

Looking in the mirror don't like what you see
Thinking about your failures
Not realizing what you use to be
You great potential got more than what you think
So let your eyes on Jesus you see how things will change

[Chorus:]

Success is failure turned inside out
At the end of the rainbow there's a pot of gold
He'll turn your mountain into gold mine
All your mistakes can become miracles

Wake up in the morning getting dressed for school
Study for an exam last night wondering how you got on
Trying to make a living punching in the clock putting in the hours on time on the dot
Things don't like you wish they would God will turn your bad into good

[Chorus]

He will turn your scars into stars [3x]
He'll turn your mountain into gold mine

He'll turn your scars into stars
Jesus said turn your life around
He'll turn your scars into stars

Jesus will turn your life around
He'll turn your scars into stars [4x]
