

# Power

The Clark Sisters

Sometimes I feel like I'm so all alone  
I felt so desperate and couldn't carry on  
The devil tried to shut me down and take away my crown  
Tragedy it captured me and tried to pull me down

You saved me from the struggle  
You saved me from the heartache  
You saved me from danger  
You saved from the pain

The devil tried to shut me down and take away my crown  
Tragedy it captured me and tried to pull me down  
God's got the power to deliver, got the power  
God's got the power to recover, got the power

It's just a matter of time  
Keep believing in his word he'll blow your mind  
And know that the enemy  
He's a liar, he's a liar, he's a liar, he's a liar

Sometimes I feel like I'm so all alone  
I felt so desperado couldn't carry on  
The devil tried to shut me down and take away my crown  
Tragedy it captured me and tried to pull me down

You saved me from the struggle  
You saved me from the heartache  
You saved me from danger  
You saved from the pain

You looked out for me, thank you, Lord, for not leaving alone  
You make me feel so secure safe in your arms  
God's got the power to deliver, got the power  
God's got the power to recover, got the power

It's just a matter of time  
Keep believing in his word he'll blow your mind  
And know that the enemy  
He's a liar, he's a liar, he's a liar, he's a liar

No more drama  
No more pain  
No more struggle  
No more shame  
No more drama  
No more pain  
No more struggle  
No more shame

God's got the power to deliver, got the power  
God's got the power to recover, got the power

It's just a matter of time  
Keep believing in his word he'll blow your mind  
And know that the enemy  
He's a liar, he's a liar, he's a liar

It's not coming to my house  
It's not coming to my house  
It's not coming to my house  
It's not coming to my house  
No not, coming to my house  
It's not coming to my house  
It's not coming to my house  
It's not coming to my house  
No not, coming to my house  
It's not coming to my house  
It's not coming to my house  
It's not coming to my house
