

# Keep Your Eyes On the Road

The Clarks

Long may you run  
Long may you feel the sun  
Long may you drive  
Long may you buzz the hive  
Long may you run

Long may you dream  
Long may you take the reins and lead the team  
Long may you grow  
Long may you seek to know  
Long may you dream

Keep your eyes on the road  
Don't take that corner with a heavy load  
Don't run to leave  
Don't wreck that sweet machine  
Keep your eyes on the road

Long live your soul  
Long live your jazz, your blues, your rock 'n' roll  
Long live this [?]  
Fire down deep inside  
Long live your soul

Keep your eyes on the road  
Don't take that corner with a heavy load  
Don't run to leave  
Don't wreck that sweet machine  
Keep your eyes  
Don't get hypnotized  
Keep your eyes on the road  
On the road  
On the road  
On the road
