

Arborlon

The Claymore

Ivory goddess
This is my final quest for you
Lead me with your hands
Through all this pain, I feel so cold

Nightmares are rising
Demons in black they want my soul
My kingdoms fall down
A dream in a dream - my gargoyls crawl

Fly into darkness my dear
The end of my kingdom is near

Arborlon - Land of confusion
Arborlon - I'm lost in a dream
Arborlon - Land of the unborn
Arborlon - I'm lost in a dream

Trapped in a soulcage
Time after time I lose my mind
Lost in a desert
My soul is dead, please set me free

Alone with the damned child
I look in his eyes and see myself
Ivory goddess
My hope is the end, I need your hand

Fly into darkness my dear...

Arborlon...
