

Damnation Reigns

The Claymore

Sinner
Feel the pain that you left here
Somewhere
I can see you praying in the dark

Falling in shadows
Hold on to the truth
Falling in shadows
Welcome to your dream
Damnation reigns

Falling in shadows
Nailed upon the cross of lies
Falling in shadows
Now your life is gone, no compromise

Sunrise
It's just a word for you, my friend
Darkness
It's ruling all your life
You're torn inside

Falling in shadows
Hold on to the truth
Falling in shadows
Welcome to your dream
Damnation reigns

Falling in shadows
Nailed upon the cross of lies
Falling in shadows
Now your life is gone, no compromise
