

# Breath Of A Salesman

The Claypool Lennon Delirium

Hey you, I don't want you to come talk to me  
Ponder my life philosophy  
Just leave me alone

You, you always come around to be a part of the gang  
Looking for a reason to hang, don't you know I've heard it all  
before

You, pedaling bags of frivolity  
Spewing your ideology  
Just leave me alone  
You, you always come around and torment me

You always come and to try to be a part of the gang  
Looking for a reason to hang, don't you know I've heard it all  
before

Hey you, why do you want to come talk to me?  
Sit around and chew philosophy  
Just leave me alone  
You, you once again you've come to torment me  
Spitting out slabs of agony  
Seems like you're always stalking me

You always come around to be a part of the gang  
Looking for a reason to hang, don't you know I've heard it all  
before

I've heard it all before  
I've heard it all before  
I've heard it all before
