

Evil Eye

The Cold Stares

Girl, I love it you and I won't lie
Stay by your side till the day I die
But every time a pretty girl walks by
Why you wanna give me that evil eye?
You give me that evil eye

Fancy cars and diamond rings
Girl, you know I've given you everything
But every time a pretty girl walks by
Why you wanna give me that evil eye?
You give me that evil eye

Girl, you know that my heart is true
Do anything in the world for you
But every time a pretty girl walks by
Why you wanna give me that evil eye?
You give me that evil eye
You give me that evil eye
