

Sinnerman

The Cold Stares

Hey sinner man, you carry that load everywhere you go?
Hey sinner man, why carry that load everywhere you go?
Oh you got to free you mind, leave them troubles far behind, oh
sinner man

Hey sinner man, why can't you just close your eyes at night?
Hey now sinner man, why can't you just close your eyes at night
?
You got a ringing in your head, you got you shaking in your bed
, oh sinner man

Hey sinner man, whatcha doing with them pills in your hands?
Oh now sinner man, whatcha doing with them pills in your hands?
Ain't got a dollar to your name, gonna get high just the same,
oh sinner man

Hey sinner man, I think it's bout time that you let it go
Hey now sinner man, I think it's about time that you let it go,
go, go
Oh lay your troubles on the lord, let him settle on your scores
, oh sinner man
Oh now sinner man
