

## You Wanted Love

The Cold Stares

Yeah, you wanted love  
But you don't know how to give love back  
You say it's tough  
Yeah, you always feel like you're coming under attack  
Put on your heels and you paint your face  
You put your mother right in her place  
You wanted love  
You needed love, love, love

But you won't get no love  
You don't know how to love  
No, you don't know how to love

Yeah, you want it all  
You want it all laid right in your hands  
You make a call  
Yeah, you got a list with all your demands  
You put on your dress on and paint your nails  
Shotgun wedding in a county jail  
You wanted love  
Yeah, you needed love, love, love

But you won't get no love  
You don't know how to love  
No, you don't know how to love

But you won't get no love  
You don't know how to love  
No, you don't know how to love  
No, you just don't know how to love
