

# Never No More

The Communards

Never no more will I ever see him  
Never no more, now that I'm free of him  
Because I got me somebody who makes me happy when I'm blue  
Never no more will I cry alone at night  
Never no more will I hold my pillow tight  
Because I got me somebody who makes me happy when I'm blue

Well, I've been all around, I painted the town  
Saw the old places and all the old faces  
That we used to know -  
Now all that is past, found someone at last  
That makes me so happy that never no more  
Will I never, no never be blue

Never no more will I be a stay-at-home  
Never no more will I be all alone  
Because I got me somebody who makes me happy when I'm blue  
Yeah-yeah-yeah

Boy  
If you think for one minute I'm a-crying  
Then think again  
'Cause throwing out the garbage  
Well, that ain't no cause for grief  
Hit that road boy and just keep on walking!

(Ooh, you're going for good, boy  
Don't want you, don't need you  
Don't want you, don't need you  
Don't want you, don't need you  
No, no, no, no, no!)

Never no more will I be a stay-at-home  
Never no more will I be all alone  
Because I got me somebody who makes me happy when I'm blue
