

So Cold the Night

The Communards

I watch your window, I shake so scared
Spying from my room with nervous arrest
Night after night your fingers caressing
The skin that is soft, you slowly undress

Soon we will be together, until then, so cold the night (2x)

I know that you know that I'm here each night
Watching and praying, the time is now right
I need to undress and caress you
Until then, I'll just sit here and dream

Soon we will be together, until then, so cold the night
Soon we will be together, until then, so cold the night, cold t
he night, cold the night

(Soon my love, soon my secret love, soon my love)

I watch your window, I shake so scared
Spying from my room with nervous arrest
Night after night, your fingers caressing
The skin that is soft and you slowly undress

Soon we will be together, until then, so cold the night
Soon we will be together, until then, so cold the night, cold t
he night, cold the night

Cold the night (4x)

Its so cold, without you

Cold the night (5x)
So cold the night
