

Determination

The Contours

Hey little hip-shaker, heartbreaker
I know you're only having fun
I'm in a different situation and for your information
Your heartbreaking days are done

'Cause I got determination
Plus a whole lot of conversation
Determination
I want you to know that I'm determined to win your love
Yeah, baby, got to have your love

Some fellas'll weep that you're as mellow as can be
But think all that fancy free
I'm not afraid, I'm not gonna be swayed
Until you belong to me

'Cause I got determination
Plus a whole lot of conversation
Determination
I want you to know that I'm determined to win your love
Yeah, baby

I believe in a
Only one thing beats a
And I ain't gonna fail if I try

No you're mistaken the issue
Won't even miss your days
You're gonna be mine, it's just a matter of time
No matter what you say

'Cause I got determination
Plus a whole lot of conversation
Determination
I want you to know that I'm determined to win your love
Yeah, baby, got to have your love
Determined to win your love
Yeah, baby, got to have your love
Determined to win your love
